Indicator Based Trading

Clarisha C

Trading Analysis Report

Particulars	Observation
Asset name	ETHUSD
Time frame	1 hr
Price Vs 50 SMA	Above
RSI Value and Condition	Above 50
Proposed position	Observe only
Indicators Support Trade	Yes
Entry Executed	No

Technical Observation	The chart shows a mildly bullish setup, with buyers having an advantage as long as the price remains above the 50-SMA.
Reason for Decision	It is better to wait until the indicators give clear confirmation.
Key learning	Good trading decisions require proper confirmation and discipline.
